

Future Focus English Camp

A One-Week Camp for High School Students

Student Book

Dr. Kathy O'Sullivan

Future Focus English Camp – a 1-Week Camp for High School Students

Student Book

Preface

Welcome to the Future Focus English Camp!

This 1-week camp was created to help you feel more confident using English in real situations. Every activity is designed to help you speak, listen, work in teams, and express your ideas in fun and meaningful ways.

During the camp, you will take part in challenges, discussions, and creative tasks that help you use English naturally, not just from a textbook. You will learn by doing, by sharing ideas, and by working with your classmates.

Use this book to take notes, record new vocabulary, and track your progress. Most importantly, enjoy the experience and give yourself permission to try, learn, and grow.

Introduction

Welcome to the Future Focus English Camp Student Book!

This camp is designed to give you an enjoyable, practical, and confidence-building English experience. It will help you prepare for the communication skills you'll need in high school, university, and the world beyond.

Here, learning happens through participation. You won't just study English...you will *use* it. You will work with classmates, solve problems, share ideas, and complete creative projects. These activities will help you improve your fluency, build teamwork skills, and strengthen your ability to think clearly and communicate confidently.

Future Focus is about growth, not perfection. You don't need to worry about making mistakes. What matters most is trying, participating, and learning something new each day. The more you get involved, the more you will gain from the camp.

You don't need any special technology to succeed here. Most activities rely on communication, teamwork, and creativity. If you have a smartphone, you may use it for some simple research or group tasks, but the focus is always on interacting with others and expressing your ideas.

This camp is not just about English; it's about helping you discover your strengths, build confidence, and prepare for your future. We hope you enjoy the journey, learn a lot, and feel proud of what you can achieve.

WELCOME TO FUTURE FOCUS ENGLISH CAMP

This book is your companion for the week. It will guide you through activities, vocabulary, teamwork tasks, and creative projects. Use it to write notes, complete worksheets, and track your personal progress.

1. ABOUT THE PROGRAMME

Purpose of the Programme

This English camp is designed to help you:

- build confidence in using English
- practise real communication
- work with other students
- use English in creative, fun, and meaningful ways
- prepare for future academic and career opportunities

Write: What is *your* main goal for this camp?

My goal is: _____

Why this goal is important to me: _____

Key Values of This Programme

These values guide how we learn and work together.

1. Respect

We listen, we speak politely, and we support each other.

2. Curiosity

We ask questions, explore ideas, and want to learn more.

3. Teamwork
